• Administration

• (6.1) Diversion Strategies

- City staff and committee members discussed diversion strategies, including the E-waste event scheduled for May 3rd.
- Discussed diversion rates stating that the City's diversion rate is 0.99% with the national diversion rate is 32.1%
- Discussed that the City's contamination rate is 1.3% with the national average being 25%
- Discussed the impact of corporations in town recycling and affecting the potential for affecting the City's diversion rates.

- Discussed the findings from SCS regarding the diversion ability of waste that comes into the Landfill stating that about 83% is able to be potentially diverted if it is clean and properly recycled through diversion channels.
- Discussed working around the psychology of recycling, and potential education options for public information.
- Phil Black requested an update on a year-round E-Waste recycling center, City staff responded that a proposal for a year-round center would be going to the City Commission later in the summer of 2025.
- Discussed more options for diversion including potential conveniences for citizens to recycle more often and even putting more effort into presentation options for elementary schools.

• (6.1) Potential Funding Options

City staff and Committee discussed potential funding options, including feasibility studies
regarding expansion of the recycling center and potential funding parties through private
donations and potential grants with city matching.

The quorum was lost at 6:47 PM and the meeting adjourned at 6:57 PM with no further discussion or voting.
